

MCC Children's Ministry Reopening Plan

1. Children's Ministry activities will only occur during our one service, or only during our 10:30 service when we return to two services.
2. All children and adults need to be checked by their families prior to arriving to ensure that they are well before considering attending any children's ministry programming. (Symptoms that should keep children from attending include, but are not limited to: cough, shortness of breath or difficulty breathing, fever, chills, muscle pain, sore throat or new loss of taste or smell)
3. All children will first visit our one children's ministry check in desk in the hallway with the family member responsible for them. This station will be manned by a CM worker taking children's temperature, and printing their tag for them so that we limit the amount of people touching the computer.
4. Children age 4 and above are encouraged to wear masks unless medically unable to do so.
5. Children's Ministry workers will wear a mask unless medically unable to do so.
6. Children's Ministry programming will not have a regular snack time until further notice.
7. All Children's Ministry areas, including toys and equipment, will be sanitized between each service or program.
8. While a physical distance of 3 feet is not always possible, it will be maintained whenever possible as recommended by the American Academy of Pediatrics.
9. Any and all of these measures are able to be altered if we (MCC leadership) deem that they are no longer needed.
10. Weather permitting, programming will spend some time outside, so please have children dress comfortably and seasonally.
